

FactoryData

```
graph BT; FactoryDataPar --> FactoryData; FactoryDataSeq --> FactoryData;
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'FactoryData'. Below it, two boxes labeled 'FactoryDataPar' and 'FactoryDataSeq' are positioned side-by-side. A horizontal line connects the top of these two boxes, and a vertical arrow points upwards from the center of this line to the bottom of the 'FactoryData' box, indicating that both 'FactoryDataPar' and 'FactoryDataSeq' inherit from 'FactoryData'.
